Key of Gm

Gm *F* *Gm*
CHORUS: I had a dream last night and couldn't wake up. I had a dream last night and couldn't wake up

Gm *F* *Gm Eb* *F* *Gm Eb*
I had a dream last night and couldn't wake up. My hands were covered in blood

Gm *F* *Gm* *D7*
My hands were covered in blood

Gm *F* *Gm Eb* *F* *Gm*
Sarah came in from the parlour tears rolling down like a flood

Gm *F* *Eb* *Gm Eb* *F* *Gm Eb*
She started screaming and the next thing I knew my hands were covered in blood

Gm *F* *Gm* *D7*
My hands were covered in blood

Sarah had her back turned to me I held the knife and I stood
As the pale crescent moon came stealing through the clouds my hands were covered in blood
My hands were covered in blood

CHORUS:

Sarah was down by the river, down on her knees in the mud
She was asking the good Lord to forgive her; her sins and my hands were covered in blood
My hands were covered in blood

Sarah was there with her lover doing things that she never should
I heard a voice trying to warn her my hands were covered in blood
My hands were covered in blood

CHORUS:

Sarah said someday she'd leave me. I knew that she never would
When I swore on her grave she'd never grieve me any more my hands were covered in blood
My hands were covered in blood

Sarah tried to tell me she was sorry but her words didn't do her any good
As I drove back from the quarry that night my hands we're covered in blood
My hands were covered in blood

CHORUS:

Sarah's right here by my side now and I'd wake from this dream if I could
But I'm afraid if I do when I open up my eyes I'll see my hands covered in blood
My hand covered in blood
