

ROMEO & JULIET

Key of F# Capo 4th DADGAD Tuning

D Bm A D
If I could you know that I would lay your ghost to rest
G D/F# Em A
But this hurt inside won't be denied and as long as I'm still drawing breath
G D/F# Em A
I always will remember how can you ask me to forget?
G D/F# A D
That I used to be your Romeo you used to be my Juliet

Love it was that changed my heart. Your love changed my life
Love it is that cuts me now deeper than a switchblade knife
You took away my everything left me nothing but regrets
Yes and I used to be your Romeo you used to be my Juliet

Em D/F# Em D/F#
BRIDGE: Another morning comes and life goes on and every day's the same
Em D/F# G D/F# A
And every night I still wake up calling out your name

In the ruins of my memory a tragedy unfolds
Sacred hearts get torn apart and true love's left out in the cold
Sometimes it seems it was all a dream am I still dreaming yet?
That I used to be your Romeo you used to be my Juliet
